### ON THE DIAMOND.

Oakland and San Francisco Played Sixteen Innings and No Run.

Oakland, Cal., April 18.—A remarkably close game was played by the Oakland and San Francisco teams today, neither being able to get a hit during the contest which prolonged to sixteen innings. The game was not concluded until darkness made it almost impossible to distinguish the ball.

The contest developed a magnificent battle between Pfeifer, Schmidt and Whalen, who allowed no more than one hit to be made in any inning. The latter twirler did not pass the nine-inning mark, but the other two did. The game throughout was clean and bordered on the sensational in many instances. Wilson, for San Francisco, had 25 putouts; Little Street, for the home team, had 25. Score: Oakland ..... 8 2 San Francisco ..... 7 1 Oakland ..... 0 1 Batteries—Whalen and Shea; Schmidt and McMurray.

### GRADE SCHOOLS LEAGUE.

Wasatch and Webster Are the Teams To Land the Winning End.

The Wasatch and Union schools baseball team in the league met in a ball game yesterday and the Wasatch boys carried off the honors by a score of 15 to 10.

When the Wasatch boys attempted to take the ball, as provided by the rules, there was a wrangle and the matter was referred to the umpire of the Western track. The winners lined up as follows: Fitzgerald, c.; Miller, 1b.; Cardwell, 2b.; Dade, 3b.; Johnson, r. t.; Montgomery, c. f.; Jennings, j. t.; Thomas and Fanner, pitchers.

The Wasatch boys came out on top and said that it was one of the reasons why poor owners, so-called, steer clear of stake races. They prefer a few clear-cut platers and handicanes to canaries, who are not so good, and for whom no forfeit must be paid. When they are not racing, the only expenses they incur are for stable room and feed.

One owner said he had lost a thousand dollars often was more in a whole season than a millionaire who has forty horses engaged in rich stakes, in his bare good selling plates, when properly played, and who can afford to pay a thousand dollars for a horse, and for whom no forfeit must be paid. When they are not racing, the only expenses they incur are for stable room and feed.

Two-base Hits—Tenney, Young. Bases on Balls—Off Young, 1; off McIntyre, 1. Strike Out—By Young, 8; by McIntyre, 1. Umpires—Bausman and Emile.

At New York—New York-Philadelphia National game postponed; rain.

The soldiers are taking a great deal of interest in all manner of athletics and sports of various kinds will be shown there this summer.

### GET SECOND BEATING.

"Honey" Melody Defeated McCarthy Again—Clean Knockout.

Spokane, April 18.—"Honey" Melody of Boston knocked out Jerry McCarthy of St. Paul in the eleventh round. The fighters weighed in at 145 pounds. The audience was the largest that ever saw a prize fight in Spokane. Every one in the 1,200 seats in the auditorium of the Spokane Auditorium, the largest in the state, was packed. In the aisle and on the floor, many stood, and the ball in a little while, and then there'll be things doing. It certainly speaks well for any baseball club that in four consecutive games not one man has reached third base.

Word has been received here that Pete Dowling, the boxer who had signed Pete Douglin had signed Pete Dowling to pitch for the Lobsters this year. Dowling is now in the Army and is rapidly getting his salary wing in working order. Little "Rabbit" Brosco, who will play short, has also arrived in Oregon, and the players who will comprise the team will be rounded up as far as possible. The Lobsters are certainly coming to the front, and it is predicted they will have a team hard to beat.

### A DOLLAR'S WORTH FREE TO ANY RHEUMATIC SUFFERER.

I ask no deposit—no reference—no security. There is nothing to risk—nothing to promise—nothing to pay, either now or later. Any rheumatic sufferer who does not know what I mean may have a full dollar's worth free to try.

I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy may be relied upon ALWAYs.

After trying the many remedies—medicines—tinctures—tonics before I discovered this remedy, I studied the nature of Rheumatism.

Rheumatism is really Crystallized Poison!

Your blood is always full of poison—the poison you eat and drink and breathe into your system to help and breathe out the poisons and carry away the very poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system again, gaining the same poison. But sometimes the kidneys fail. And sometimes from some other cause, the blood gets so full of poison that they cannot filter it out. Then the remedy possible—made possible in achievement which I doubt not, could have been made in no other way.

This chemical is not very expensive. The bill, too, was high. In all it cost me \$4.90 per pound. But it is \$4.90 per pound for a life time—there is no cure for the world's most painful disease—for a REAL relief from the greatest torture human beings know?

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again—but it is possible. But it will take time—and the person causing pain and swelling, and then the end of the suffering—the end of Rheumatism.

Third—the chief cause of the large majority of rheumatic cases is size.

Then, when it can carry them no longer, it deposits them in a joint, a bone—anywhere.

The pain in your leg—the dull ache in your arm—the sharp pain—these are the outward signs of the unseen crystals. And the twisted limbs and unexplainable anguish of the sufferer who has allowed his rheumatism to run wild and has suffered for years—these are the evidences of Rheumatism, neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—all for these are the results of the rheumatic poison in the blood.

Plainly, the first thing to do is to remove the poison. But how?

The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that I or any physician could find safe in prescribing something that we can count on not only occasionally, but ALWAYs. For the ravages of Rheumatism are everywhere and genuine relief is rare.

And drug stores are sometimes cured by a single package—On sale at forty thousand.

### Simply Write Me

The offer is open to everyone, everyone, who has not tried my remedy. But you must write me a frank, full, detailed letter. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard prescription blank and a stamp to mail to me. There are no conditions—no requirements. All that I ask you to do is to write—write today. I will send you my book on the subject—my book is safe, it will help you to understand your case. ### COUNTERVALING DUTIES.

Ambassador Meyer Seeks to Have Russia Remove Them.

St. Petersburg, April 18.—The first official business taken up by the American ambassador, Mr. Meyer, with the foreign office was the reopening of the important question of the removal of the countervaling duty levied against American manufactured goods in retaliation for the countervaling duty in the United States-Russian sugar. The Russian sugar manufacturers are to be prohibited from exporting sugar to the United States.

They are to be prohibited from exporting sugar to the United States, which has been import duty in the complete suspension of the importation of certain classes of American goods, while we're bringing here many cases of the chief beneficiary for the same goods many cases being imported through Germany and the Russian consumers are obliged to pay an additional duty.
